

Career Opportunity – Altech ISIS Graduate Program

Altech ISIS, a part of the Altron Group, Africa's largest TMT Conglomerate with worldwide operations, is a specialist IT services and solutions provider that helps clients by creating, building and operating innovative services that support open digital ecosystems, revenue realisation and cost optimisation.

Altech ISIS's core business pillars are:

- **Agile Business & IT:** Optimizing IT and operations to deliver the speed and flexibility needed in a digital world.
- **Customer Experience Management:** Maximizing market share, customer growth and loyalty
- **Open Digital:** Creating an open digital ecosystem where new services are delivered quickly, easily and securely

We offer an exciting and vibrant work environment that is geared towards personal and business growth by our:

- Bimodal IT approach that combines solid operations with agile architectures
- Integration of revenue generating services into customer's digital ecosystems
- Cost optimisation that has continuously led to year in year savings for our major customers
- Outcome measured objectives including full CMMI and best practice industry accreditations
- Synthesising business and data for customer growth

Innovation is the competitive currency of the 21st Century and at Altech ISIS our staff are helping drive the innovation agenda throughout the world. We need people who are excited by the modern technology revolution to join us. If this sounds like you then we would like to invite you to contact us if you are currently looking for an opportunity to start your career.
